# Apartment Sliding Door

The Altitude Sliding Door has been specifically designed with the latest trends in architecture in mind. The door allows architects and designers the ability to achieve expansive openings without the need to compromise on performance or aesthetics.

Specifying the Alspec Altitude Sliding Door ensures the client receives a stylish, high performance product.

Designed by Alspec to meet the extremes of the Australian environment, the Altitude Apartment Sliding Door is the premier choice by architects, builders, home owners and fabricators when looking for a great sliding door.

## Typical Configurations

## CAD Cross Sections

## Key Features
