

Mission Statement

Abbey Aluminium is a reliable provider of quality glazing solutions for a range of customers from direct consumers to larger scale building contractors and property managers.

Our Customers are the most important part of our business. It is our job to provide them with the best glazing solution for their needs.

Our Staff are our most valuable resources who enable us to meet our customers' needs.

Our Products must always perform above expectations and be of the highest quality and reliability.

Our suppliers are our partners in exceeding our customer's expectations and share our commitment.

Our Community is a part of how we do business and we support other local businesses.

Our Environment and its healthy future is our responsibility at all times.
